Consumer AI Growth — 0-to-1 Across 8 Products

cara.liquanqiu@gmail.com | WeChat 18710020688
8+ yrs US/LatAm/T1 markets | English working language

SUMMARY

Growth operator for consumer AI products going global — **six products taken from 0-to-1** across the US, Latin America, and other Tier-1 markets, carrying personal revenue targets, plus two AI products built solo. Strong at product definition and brand narrative, orchestrating PR, organic (SEO / owned accounts / creators), paid (Meta / TikTok / Google), and affiliate (CPS) channels. AI-native: I build my own Claude Code marketing pipelines. Highlights: **\$1M+ ARR & 20K+ DAU within 2 months of a new launch; \$1M ARR in 4 months on a prior product; #1 iOS category rank in 10+ countries and #1 overall in Brazil; 100K DAU at peak.**

EXPERIENCE

PawLogic | Growth Lead (first growth hire) · early-stage consumer AI startup

Sep 2025 – Present

iLands · AI companion-community app | product definition, brand narrative, growth & retention

- Ran pre-launch across owned accounts, mega/mid-tail creators, and PR to tens of millions of impressions; landed the first 50 users via a Reddit research → posting → replies → paid → Discord DM loop.
- Built a Meta test matrix (audience × angle × format); UGC re-cuts + post boosting drove creator seeding and referral loops into a Discord community.
- **Results: ~10K DAU within 2 weeks; \$1M+ ARR and 20K+ DAU within 2 months of launch; Day-1 retention above 30%.**

Drama.Land · AI music video | market lead: paid, creators, SEO, community & product ops

- Defined audience/angles/channels via Reddit research and competitive teardown; ran Google (Search, PMax) and Meta/TikTok paid media (**Google ROAS >0.6, Meta ~0.8**).
- Built a 0-to-1 KOL + affiliate (CPS) program with million-follower creator campaigns, measuring blended ROAS via exposure → private-link → download attribution; set subscription + credit pricing from gross-margin analysis.
- **Results: \$1M ARR in 4 months; 5 custom monthly B2B clients in negotiation.**

Ops infrastructure · team leverage

- Built an automated marketing pipeline in Claude Code / OpenClaw (competitor insight → ad angles → creative → landing pages → performance review) and an automated customer-issue triage loop.

Meitu Inc. (HKEX: 1357) | Operations Lead, New Ventures & Global Strategy (reporting to CPO)

Jun 2023 – May 2026

RoboNeo · AI video agent | ops & integrated overseas marketing, revenue target, 4-person pod

- Positioning and launch assets; mega-creator reach + mid-tail UGC re-cuts + boosted amplification to tens of millions of impressions and **100K DAU. Results: #1 iOS category rank in 10+ countries; #1 overall in Brazil (2025).**

MVLAND · AI music | ops & integrated overseas marketing, revenue target, 4-person pod

- Ran X/LinkedIn/TikTok social matrix and Discord; community challenges produced **200+ user-created templates in 2 months**; EDM nurtured prosumer leads with automated reply templates. **Results: fastest-growing ARR product in the division (~\$500K at departure).**

Vmake · AI imaging tool | positioning & organic-led growth (2024)

- Owned positioning and selling points; grew on nearly pure organic (creators, affiliates, owned accounts) while feeding user research back into shipped features. **Results: ~\$500K ARR in one year.**

AI Creative-Asset System · part-time PM (Dec 2025 – May 2026)

- Led an AI system deconstructing winning ad videos into a four-layer semantic structure with agent orchestration (gate approvals, A/B branches) and Gemini/Seedance multi-model integration; FastAPI/Next.js prototype. **Results: 60 creatives/week, ~40% headcount freed.**

Global strategy · reporting to CPO (30% of role)

- Built a company-level automated market-monitoring map (share, scenarios, competitors by country) informing bets across 6 business units; GTM design for four lines; M&A diligence and post-merger work (e.g., ZCOOL).

ByteDance | Senior Strategy Manager

Dec 2020 – Jun 2023

- **Ad-monetization analytics:** built a 5-person team and the operating-metrics system for ads & moderation. **TikTok mental-health AI program:** detection → warning → intervention → referral, reaching 100K+ users. **Executive philanthropic fund:** sourcing, investment evaluation, and portfolio management (3+1 projects landed).

EARLIER EXPERIENCE

- **New Oriental** — Business Analytics Lead, K-12 online education (2019–2020): 0-to-1 operating-analytics stack and user/teacher segmentation; +20% market share, +10% paid conversion.
- **Alibaba (Ele.me)** — Business Analysis Manager (2019): national merchant strategy, budgets, and sales-incentive design.
- **Didi** — Regional Operations Manager, Melbourne/Tokyo/LatAm (2017–2018): built the overseas support system; Australia launch drove driver supply to 30% penetration.
- **Accenture** — Senior Business Analyst (2013–2016): digital-transformation strategy for large enterprises.

INDEPENDENT PRODUCTS

Actionway · actionway.ai · creative-capability API platform for AI agents (2026)

- 52 image/video/music/voice capabilities behind one HTTP interface (Discover → Inspect → Run); pay-per-call with pre-execution quotes; long-tail developer growth via the GitHub ecosystem.

LocalAd Studio · creative agent for US home-services local ads (2026)

- Deconstruct winning local ads → slot-swap (city/service/season) → storyboard/copy → render; Claude Code + FastAPI/Next.js. **Results: from 8 assets/person-day to hourly batches (~80% less manual effort).**

SKILLS & LANGUAGES

- **Growth:** 0-to-1 market entry · brand narrative & PR · creator/KOL & affiliate (CPS) systems · community (Reddit/Discord) · paid media (Meta/TikTok/Google) · data-driven experimentation · cross-border team building
- **AI & tools:** Claude Code · OpenClaw · marketing-automation pipelines · multi-model API integration · ML user segmentation · FastAPI/Next.js prototyping
- **Languages:** Mandarin (native) · English (fluent, working language) · Spanish (learning)

EDUCATION

University of Melbourne — M.S., Information Systems (minor: Finance)

2010 – 2012

Huazhong University of Science & Technology — B.E., Electronic & Information Engineering

2006 – 2010
